REGIONE LAZIO

LAZIO REGION RENEWS IT SUPPORT TO NSE

Lazio is home to the heart of the Italian space industry: it is the only region with industrial and research skills capable of operating along all stages of the supply chain.

Thanks to the funds of the new 2021-27 programming period, Lazio Region will support the research and innovation activities of enterprises, technology transfer from research to enterprise, and the development of innovative startups and research spinoffs in the areas of our Smart Specialisation Strategy (RIS3), among which Aerospace is a priority sector.

Philmark group and other 35 small and medium enterprises will show here, at NSE 2023 peaks of excellence of Lazio's Space Industry and its capability to combine great innovation and presence in the global arena

Address: Via Cesare Giulio Viola, 43 - 00148 Rome - Italy

Web site: philmark.it

Philmark is a IT group with vertical skills in software development & digital transformation, data management & AI, edtech & serious games developing. We are active in the aerospace sector with significant R&D activities.

The flagship project is FATE - From heAven To Earth, co-financed by ESA and ASI, a cloud-based virtual platform for “digital twins” of sites of historical, cultural, archaeological, naturalistic and museum that uses VR and XR Technologies, SAR (SatEO), VHR satellite images (High Definition) and UAV equipped with Lidar, multispectral cameras, laser scanners.
